

Past Laboratory Assistants

Christopher Geehan, JD *1996-2007*

Chris served as the Briscoe Laboratory Manager and as the Manager of the newly formed Pediatric Transplantation Research Laboratories from 1996-2007. During this time, Chris attended Law School and passed the Massachusetts Bar in 2006. He currently works in the Office of General Counsel at Boston Children's Hospital.

Kerith Koss, BS *2001-2003*

Kerith served as a technician in the laboratory from 2001-2003. She left the laboratory to re-enter University as a graduate student in 2004 and she currently works at The Institute of Fine Arts in NY.

Katiana Calzadilla BS, MS *2006-2011*

Katiana served as a technician and as Laboratory Manager from 2006-2011. During this time, she performed a Masters Thesis in Biotechnology at the Harvard Extension School, and was awarded a Masters in Liberal Arts in Extension Studies from Harvard University in 2011. She left the laboratory to join Pharma and develop her career in Clinical Studies.

Kayla Macleod, BS *2013-2014*

Kayla served as a technician in the laboratory from 2013-2014. She left the laboratory to join a company developing gene therapy technologies.

Megan McGourty, BS *2011-2018*

Megan joined as a research technician in the laboratory to learn and develop expertise in basic immunology and endothelial cell biology. She became the lab manager in 2014. She left the laboratory in 2018 to pursue personal interests.

Sarah Goldberg, BS *2016-2018*

Sarah served as a research technician in the laboratory where she refined assays and expanded her scientific knowledge in human immunobiology. Her studies related to transplant immunology and she worked on techniques for the screening of novel pro-resolution molecules and the development of biomarker assays for use in human patients. Sarah left the laboratory to attend University and pursue a career in higher education.

Leah Jacobs, BA *2017-2018*

Leah served as a research technician in the laboratory. She assisted with the generation and maintenance of transgenic animals and was involved in the maintenance of laboratory protocols. She left the laboratory to attend Dental School (University of Utah).

Mahima Poreddy, BA *2018-2020*

Mahima served as a technician in the laboratory to develop expertise in basic immunology. She assisted with the generation and maintenance of transgenic animals and was involved in the maintenance of laboratory protocols. Mahima left the laboratory to attend Medical School (University of Vermont).

Evan Chernov, BS *2018-2020*

Evan served as a technician in the laboratory to develop expertise in human immunological assays. He left the laboratory to attend Medical School (SUNY).

Allan Nip, BS *2020*

Allan joined the laboratory to expand his interests in Molecular biomedicine and science. He left to join Novartis Pharma.
